

Muhammad Muneeb Iqbal

Full Stack Engineer

+92 3095075940 ◇ muneebiq24@gmail.com ◇ Wah Cantonment, Pakistan

SUMMARY

Computer Science graduate with a strong foundation in Flutter development, complemented by experience in MERN Stack and Laravel. Skilled in building full-stack and cross-platform applications through academic and project-based work. While my core focus is development, my background in Business Support roles has strengthened my problem-solving, organization, and data management skills, enabling me to approach software challenges with a practical, detail-oriented mindset.

WORK EXPERIENCE

Software Engineering Intern O2 Geeks	Jun '23 — Sep '23 Islamabad, Pakistan
<ul style="list-style-type: none">Debugged complex UI issues, improving application stability and frontend performance.Integrated frontend features with backend APIs to deliver dynamic, data-driven functionality.Built responsive UI components using Vue.js and Nuxt.js, translating Figma designs into cross-device interfaces.
